NOTICE

- > Separate permits are required for additional building, electrical, plumbing and mechanical (Gas/Heat/A/C) projects.
- > Permit becomes null and void if work or construction authorized is not commenced within 6 months, or if work is suspended or abandoned for a period of 6 months at any time after worked is commenced.
- > The issuance of this permit does not in any way grant permission to the owner, owner's representative or permit holder to proceed with demolition, wrecking, or renovations to property prior to the filing of the ten day "Project Notification for Asbestos Renovation, Encapsulation or Demolition" required by Georgia Law and administered by the Georgia Environmental Protection Division. You may find out more information for project regulations at www.ganet.org/dnr/envirom.
- > This application must be accompanied by any construction documentation indicated necessary, such as, but not limited to; site plans, manufacturer's installation instructions and warranties, and additional required permits.
